

LAUDERDALE COUNTY SCHOOLS

Alternative COVID-19 Plan as of
September 22, 2021

In correlation with the State Department leaders and local administrators, our isolation procedures have changed. Below, you will find recent updates, these are subject to change with COVID-19 data related to Lauderdale County Schools.

Reasons for Student Isolation:

A reported student positive COVID-19 test.

A student is showing symptoms of COVID-19 that have been reported to the nurse.

A household positive case. Please contact your school nurse with questions regarding household positives.

Plans of action regarding Hybrid schedule will be catered to the individual school, not the entire county. Hybrid schedule will only be in place for 10 school days. Social distancing while on Hybrid will allow more students to remain in class and participate in extracurricular activities.
